With a purchase of any Bernina machine from us you will receive classes on it for a lifetime.

MASTERY CLASS- August 14th, 15 and the 28th, 29th

Bernina E16 and Q24

Recently we have added the Q24 and the E16 to the stores machine inventory. Both machine are in the store and set up. The Q24 is fully setup to show and demo on. The E16 just came in on Monday and is put together and will be running coming this next week!

BERNINA Q 24 is designed as a frame model machine with even more room for your largest projects. The 10' BERNINA frame offers more quilting space than usual - you can quilt a 115" sized quilt on it. The frame with a sturdy single rail system is ideal for all of your quilting needs. Take full advantage of the 24" freearm depth.

BERNINA E 16 has 16 needles, speeds of up to 1,400 stitches per minute (spm), automatic tension settings, and a narrow cylindrical arm—the BERNINA E 16 will complete the task like a pro—whether embroidering a jacket back or small pocket. Personalize team uniforms and caps, monogram stylish totes, commemorate a special occasion, use the Chenille technique for a special 3-D effect, or complete an elaborate embroidered quilt—the results will be everything you ever dreamed of.

Whats Been Happening

This was one busy summer for all of us here in the store! We went to BU (Bernina University) in phoenix, AZ. Which was always fun to attend and to learn new things on the Bernina machines! Casey will be showing some of these new ideas in her Mastery Classes!

After attending more training the E16 made its way into our store! Stop by to check it out.

Servicing your machine

Sewing season is coming up along with the Holiday time too! Hurry in and get your machines cleaned/serviced before you get in the middle of your project and the machine acts up.
